MINUTES

Introduction and Review of previous meeting content.

Homework Assignment Discussion: Characteristics/photos

- Light and airy
- Gymnasium
- One roof
- Old building
- Harry – trying to convince the 50-80 crowd. Need a new school that helps support the town
- Kevin - Last bond issue was wants instead of needs.
- Ruby – safe secure and affordable
- Remembering where you came from – heritage
- Engaged students
- Cassie – bright and airy, safe
- Nicole - Focus on kids, not what adults want
- Principal – school and community relationship – help kids and adults
- Preservation of the community
- Shelly – STEM school – preparing students for jobs of the future, project based learning, critical thinking skills, makerspaces.
- Conservative looking building – more traditional, not flashy
- Dual purpose – auditorium and gymnasium
- Community storm shelter
- Sarah - Sound of music, school of rock – keep traditions but look at things in a new way, family feel
- Susy - Kids and parents are less interested – a new school would breathe life into the community – motivation!
- No parking at LC – pick up and drop off (nightmare)

Workshop

MEETING DATE: 1/30/2018

- LC – could be repurposed??

Guiding Principals

Table 1: Safe and Secure, right sized classrooms (comfort), reasonable budget, building for the future, create interest with students and community, sense of pride and ownership, engaged learning in creative spaces

Table 2: Adapt to new technology, define needs and not wants, multi-functional for school and community, future-proofing one chance to make this right, providing a well-rounded education

Table 3: learning environment to prepare for career and post-secondary, sustainable durable long-lasting, getting the community involved, hometown pride, efficient use of district resources, facility use/balance

Top 5 Guiding Principals

- Sense of Pride
 - Safe and Secure
 - Well-rounded education
 - Future proofing
 - Focus on Needs, not Wants
-
